## Personal Profile

I am a software developer with over 12 years of experience, specializing in ASP.NET, C#, Javascript and Python, along with other technologies. I hold a Master's in Information Systems from NTU, Singapore, and am pursuing a Master's in Artificial Intelligence at Victoria University of Wellington. I have successfully delivered many projects and overcome challenging issues, even under tight schedules. I am eager to apply my skills and flexibility to create high-quality solutions in a software development role.

## Technical Skills

- **Programming Languages:** ASP.NET, C#, VB.NET, Python, Swift, Objective-C, HTML, PHP, JavaScript, jQuery
- **Databases:** MS SQL Server, MySQL, SQLite
- **Cloud/DevOps:** Azure DevOps, CI/CD pipelines, Git, Agile/Scrum
- **Methodologies:** Agile, Scrum, Software Development Lifecycle (SDLC)

## Professional Experience

### Full Stack Software Developer

SBS Transit Ltd, Singapore

May 2022 – Jun 2024 | Apr 2012 – Apr 2020

- Developed and maintained software solutions using ASP.NET, C#, and VB.NET, ensuring seamless system performance.
- Organised the migration of outdated legacy systems from VB6, MS Access, and legacy .NET frameworks to modern ASP.NET Core and C#, analysing existing business logic and workflows to rebuild scalable, secure applications from scratch.
- Led the full software lifecycle, requirements gathering, design, development, testing, and deployment—for critical internal tools, ensuring compliance with updated regulatory standards.
- Secured project approvals and defined scopes, collaborating with cross-functional teams.
- Conducted user training and authored technical documentation for audits.

### **Software Team Leader**

Justlogin Company Pte Ltd, Myanmar

*May 2020 – May 2022*

- Led daily Scrum meetings with developers and weekly planning sessions with management to align priorities and track sprint goals.
- Assigned tasks to team members, balancing workloads and ensuring timely delivery of product enhancements.
- Managed weekly release cycles, including deployment tag creation for product updates before CI/CD automation.
- Coordinated with the sales team to communicate bug fixes, customization requests, and conducted training to customer service team about the new features product.
- Reviewed and approved AWS Lambda functions and deployment pipelines to ensure stable, automated releases and monitoring system performance using AWS CloudWatch, resolving issues to minimize downtime.

### **Software Developer**

Cremeworkz Pte Ltd, Singapore

*Jan 2010 – Mar 2012*

- Contributed to software development and database design using ASP.NET C# and PHP.
- Provided on-site technical support to resolve critical user issues and improve system usability.
- Maintained and enhanced existing systems, troubleshooting issues and implementing feature updates
- Created user manuals and trained end-users for smooth system adoption.

## **Education**

### **Master of Artificial Intelligence** (In Progress)

Victoria University of Wellington, New Zealand

*Expected Completion: October 2025*

### **Master of Science in Information Systems**

Nanyang Technological University, Singapore

*2009 – 2010*

## **Achievements**

- Annual Care Award 2018, SBS Transit
- Star Excellent Service Award (EXSA) 2016, SPRING Government Singapore
- Gold Excellent Service Award (EXSA) 2015, SPRING Government Singapore
- Silver Excellent Service Award (EXSA) 2014, SPRING Government Singapore
- Productivity & Innovation Program (PIP) Award (Bronze), SBS Transit
